Wolverines Take Two Victories In Weekend Games

Manogue, Portola Lose In Local Games; Team To Quincy

(By JOHN FIRPO)

The Tahoe Truckee Wolverines broke the ice of their 1958-59 basketball season by rolling over the Portola and Manogue quintets. Friday they coasted to an easy 63-32 victory and Saturday managed to slip by the Miners, 57-48. Also Friday the Lassen J. C. defeated the Sierra J. C. 77-72 in a very close contest here.

Friday the locals found the going pretty easy as they rolled up 14-7, 28-13, and 43-24, quarter scores to go on and trounce Portola, 63-32. Craig Robinson was the big gun for the Wolverines with 24 points, all came as the results of field goals.

Saturday was the day of reckoning though as the tough Manogue Miners put the home town Wolverines to the test. The Wolverines led throughout the game and were never headed after a 13-12 first period lead.

Early in the second quarter, Rex Donaldson, was replaced by Allan Young as the latter had 3 fouls. Young came into score 7 points and help give the Mountain Men a 29-24 lead at the half.

During the third frame Manogue got even further behind and trailed by 11 at the end of that quarter, 46-35. Then in the final and always eventful period the visiting Green and Gold took advantage of a 3 minute cold spell in the Wolverine shooting and edged within 1 point, 48-47, with a minute and a half left in the game. This wasn't a bit depressing to the Wolverines as center Gary Hulbert came through with two jump shots and Bob Merica followed with four straight free throws to clinch the game for Jim Brehlers squad, 57-48.

Craig Robinson again took scoring honors with 18 points followed by teammates Bob Merica and Hulbert with 12 apiece. Pat Hart led the losing cause for Manogue with 24 counters.

In the J. V. prelims, the Portola J. V. topped the clubs 50-38. Chuck Bergman contributed 15 points for the junior Wolverines. Saturday the "Cubs" evened their record with an impressing 55-39 over the Manogue junior Varsity. Leroy Ryser was top man with 17 while Bergman had 15. Tomorrow night both squads travel to Quincy to play the Quincy Trojans in a non-conference battle at 8:00. J. V. game is at 6:45.

This game will conclude the Wolverines slate until after Christmas vacation when they open at home on January 9.

OAKLAND MAN FINED FOR TREE CUTTING

SUNBEAMS

By WALTER M. BARRETT

His sincere devotion for this region was reflected in the will of the late Matt Green, whose death in Sacramento recently came as a shock to the Truckee and Lake Tahoe community. In his will the pioneer Tahoeite bequeathed $5,000 to Tahoe City and $1,000 to Truckee, the money to be used for park or recreational purposes. Although his memory will live long in the hearts of his legion of friends throughout the area, it would be only fitting if the money is used to provide centers or parks dedicated and named for Matt Green.

Dolley Heads Local Firemen 22nd Year

For the 22nd consecutive year, N. F. (Tom) Dolley on Tuesday night was elected to head the Truckee Volunteer Fire Department, a position he has held with distinction.

Other officers chosen were Glen Coffey, assistant chief; H. L. Owens, and R. W. Siebold, captains; W. M. Englehart, Jr., and William Campbell, lieutenants; Robert Moore, secretary; Erv Waters, sergeant at arms.

The meeting was held at Cozzi's Cafe and attended by 18 members.

NURSERY SCHOOL IS GIVEN UNTIL MARCH

Although the governing board of the school district was cooperative and agreed to go along with members of the nursery school as far as possible, they were adamant in the decision to discontinue support of the project unless more hours were spent by participating parents.

Mrs. Callie Kydd was spokesman for the nursery school, urging continued cooperation and support.

The board has issued an ultimatum that unless more parents participation is evidenced the support must be discontinued. The group was given until the March meeting to present evidence that would justify continued support.

The PTA wishes to thank the Truckee merchants who have been so generous and cooperative in donating the materials for making the holiday items.

Thanks are also in order to Mr. and Mrs. Sherman Reams for offering the use of their basement as a bazaar workshop, and to William Davis for constructing the bazaar booth.

MAIN STREET GIVEN WASH BY ROAD CREW

To prevent the litter which had accumulated along the main street from plugging the storm drains, the division of highways crews Tuesday morning completed a very worthwhile project by washing the streets from end to end. Vehicle Office To Be Operated In Truckee Full Time

New Schedule Will Start On January 2 With Registrations

The Truckee office of the Department of Motor Vehicles will begin operating on a full time basis effective January 2, 1959. Hours of service will be 9 to 12:30 and 1:30 to 5 p.m., Monday through Friday. The office is located in the California Highway Patrol building on west Highway 40. Richard A. Paddock, motor vehicles representative grade II, will be in charge.

For some years past the Truckee office has been serviced two days weekly by a traveling crew operating out of Quincy. The travel crew also serviced Chester, Greenville, Portola, and Loyalton. These communities will continue to be serviced by John K. Jones, who relieves Paddock as manager of the crew.

Funds for full time service at Truckee were requested by the Department of Motor Vehicles in budget preparation of March, 1957.

The request successfully negotiated the many hurtles leading up the legislative session of 1958 and was there duly approved.

Funds thus became available July 1, 1958 and at the same time funds became available for the recruitment and training of proper personnel. This was completed in time for inauguration of full time service at the beginning of the registration renewal period which starts immediately after Christmas.

SCHOOL COMMITTEE DISCUSSES COURSES

The study of mathematics was again the focal point of the discussions and the committee had as guests Weston Sauby, principal of the Truckee Elementary School and James Reynolds, principal of Tahoe Lake Elementary School. Their comments in regard to mathematics instruction at elementary school level were most helpful to the community. John Corbin, superintendent, and Carl Lude of the high school mathematics faculty, were also present.

Tahoe, Truckee To Benefit From Will Of Late Pioneer

The will of the late Matt Green, pioneer builder and hotel owner at Lake Tahoe, who died October 28 at Sacramento was admitted to probate last week and discloses that he left a substantially large sum to both Tahoe City and Truckee.

Green left $5,000 to Tahoe City and $1,000 to Truckee, both amounts to be used for park and recreational facilities.

The bulk of the estate was left to his wife, Theil A. Green, who, like her husband, was devoted to this region where they spent most of their adult lives.

Through the cooperation of the Truckee Chamber of Commerce and the pubilc utility district, plans are already being put into motion to utilize the Truckee sum for the replacement of the baseball park south of town. Plans are tentative and subject to change, but the loss of the field west of here leaves the community without a park.

700 Volunteers To Assist In Olympics

More than 700 volunteer ski officials will be needed to stage the Olympic Winter Games at Squaw Valley, February 18-28, 1960, Prentis C. Hale, organizing committee president recently told Far West Ski Association officials charged with preparing adequate training programs.

At a Squaw Valley Lodge meeting, Willy Schaeffler, director of ski events for the games, outlined general manpower needs for the 11-day event. Schaeffler said every official wishing to participate should make every effort to qualify by becoming a certified gatekeeper or course policeman by February, 1959. Schaeffler added that the quality of minor officials working in various events can spell the difference between the success or failure of the competitions.

To implemet training and selection of required officials, Schaeffler called upon the manpower of the Far West Ski Association, the California-Nevada Ski Club and the Bay Area Ski Federation. Schaeffler named Dick Wind, officials certification chairman of the Far West Ski Association, to administer the four-month program.

Wind, a resident of San Francisco and a member of the Bay Area Ski Federation, outlined the program in terms of required training for each official seeking certification and appointed key people to assist him in setting up training programs in major cities and areas throughout the FWSA.

Wind said every skier desiring to qualify must fulfill no less than 18 hours of classroom instruction in familiarizationwith rules and technical aspects of ski competitions. Then the candidate must spend two days of practical work under actual race conditions at the Olympic site.

Wind announced the annual birthday giant slalom race, January 18, and the Bay Are Ski Federation championships, February 8, at Squaw Valley would constitute the required "work days." The qualifying candidates will then be allowed to officiate in the North American ski championships at Squaw Valley, February 21-March 2, 1959. At that time their abilities will be evaluated for possible selection to serve as officials in the 1960 games.

To assist him in major Far West areas, Wind appointed: Dr. John Ricker, Phoenix, Ariz; Bob Wakeman, Tahoe Valley, Calif; Edd Schuehle, Pasadena; Lester Lavelle, Mammoth Lakes, Calif; Al Peevers, Reno, Nevada and Axel Davidson, San Francisco. These men will conduct the formal training sessions to begin in December of 1958.

Wind concluded the meeting by declaring that male candidates desiring to qualify as Olympics official gatekeepers or course police must be 18 years of age before January 1, 1960. Women successfully completing the training program will be allowed to serve as secretaries and recorders. All candidates must be members of the National Ski Association, or one of its divisions.

Interested candidates are asked to contact their division of the National Ski Association.

DONNER SUMMIT NEWS

BY DONNA POWER

SUPRISE SHOWER SUCCESS

Mrs. Toddy Simmons suspected nothing unusual when she arrived Wednesday evening at the home of Mrs. Barbara Zorich for what she expected to be the regular meeting of the Summit Sit. She was completely surprised to find instead a baby shower in her honor when Olga Lyddane wheeled in a baby carriage loaded with gifts from the guests who emerged from the darkened kitchen. Following the playing of parlor games won by Zona Madden and Valeta Mason, refreshments were served to the guests, who were: Betty Aro, Ilse Bisson, Zona Madden, Olga Lyddane, Valeta Mason, Lona Fredricks, Mary Dewitt, Betty Hampton, Adele deRyk, Eleanor Johansen, Mary Williamson, Goldie Rowton, Toddy Simmons, Betty Board, Joyce West, Lu Knoerr, Barbara Zorich, and Donna Power. Toddy then opened the lovely gifts including those sent by Mrs. Lola Schull, and Mrs. Mary Power who were unable to attend

MEN TRANSFERED

The California Division of Highways headquarters at Kingvale has transfered employees Dan Broyles, John Murphy, Carl Todd and Brian Long to the Baxters area. The division has moved these engineers in preparation for the closing down of work going on in this area when the first heavy snow falls.

UTILITY DISTRICT MEETS

The Donner Sumit Public Utility District Board of Directors held its regular monthly meeting December 2 at the Donner Summit Lodge. Board President Harry Pratt, Director Max Williamson, and Attorney Paul Chamberlain were present. Interested citizens of the community present were John Johnansen, Ilse and R. Bisson, Brad Board, Edvi Aro, Jim Simmons and Donna Power. The Board appointed William Cannon part owner in the Soda Springs Hotel to fill the unexpired term of 1960. Marie Strickland has moved from the District so for this reason she was relieved of her duties as clerk and Clyde Burkey of the Donner Summit Lodge was appointed to fill the office. The committee to revise ordinance No. 9 made its report. The next regular meeting will be held on January 6 at the Donner Summit Lodge.

Bids are being sold for this dance now. They are $1.50, whether couple or stag. The seniors seem to think that this will be the last dance of the year.

The publications class is sponsoring a contest for the titles of Miss TNT and Mr. TNT. The candidaes are: Miss TNT; Anita Diaz, Dorothea Frey, Beverley Gunkel, Shirley Taylor, and Koby Kisor. Mr. TNT: Tim Johnson, Buzz Trainor, Craig Robinson, Rex Donaldson, and Gary Holbrook. Voting for these people was held last Monday and Tuesday. The winners will be crowned at the Christmas dance.

Our honor society, the California Scholarship Federation, took a field trip last Tuesday and Wednesday. The students went to San Francisco, and had a wonderful time. In case you didn't kuow, the members of CSF have the privilege of taking one day out of the school semester, and doing something as a group. This year, they decided to take both days for the term at one time. It was well worth it!

Congratulations to our wonderful basketball teams for winning three out of the four games they played last weekend. At this rate, we may end up in the state tournament again this year!

Oysters were a favorite food of the Greeks long before the Christian era.

STRICTLY STRICKLAND

By Bill Strickland

Offices of the California Nevada Ski Club met Saturday night at Squaw Valley Lodge to further promote their plans for the coming North American Ski Meet at Squaw Valley in February. This meet will be the dress rehearsal for the Olympics in 1960. From it will emerge the personnel for the games as well as the test of all of the facilities for the coming games. Present at the meeting were President Bill Briner of Squaw Valley, Stan Reese, Reno Cki Club; Bob Wakeman, Heavenly Valley Ski Club; and Stan Walton, Sugar Bowl Ski Club. Others attending were Ed Johnson, president, Far West Ski Association; Gordon Butterfield, Olympic organizing committee; Willi Schaeffler and Nelson Bennett, Olympic race committee, and Bob Seach, Olympic personnel director. Representing the California Nevada Winter Sports Writers Association were Bill Berry of the Sacramento Bee and Bill Strickland of the Sierra Sun.

Seach stated that 400 voluntary workers will be required for the North American-600 for the Olympics in 1960. If you are interested, your request must be made immediately. Send your name, address and Ski Club affiliation NOW to Robert W. Seach, Personnel Director, 70 West Taylor Street, Reno, He will send you the necessary application forms and list the needed requirements. The need is for patrolmen, gatekeepers, hill police, clerical workers, course packers, runners, plus a myriad of other classifications. Those who wish to aid in the '60 Games, must first earn their spurs in the '59 dress rehearsal events.

* * *

The second annual Press-O-Rama of the Winter Sports Writers Association was well attended by its members as well as those in winter recreational business. Jim Hammond of the State Chamber of Commerce was present, as were Ken Cotton, Tow Operators Association; Lutz Ayndeter, Instructors Association; Jack Geyer, Olympic Publicity; "Slim Davis, U.S. Forest Service; Ed Johnson, president, Far West Ski Association; Larry Marks, Regional National Ski Patrol and Dave Barr, Bay Area Ski Federation.

* * *

The following day was the 32nd annual Chamber of Commerce of California meeting. We stayed over so we could attend the recreational meeting. R. M. Oddie of the Bank of America spoke of the part that was being played by the banking institutions in helping to develop the recreational areas in California. He stated that most of the bankers were more interested in the development of the outlying districts than in the metropolitan areas—so cheer up— maybe that area you control way back in outer Slavobia will have a chance of development after all.

Clyde Barnett, state director of aeronautics, told of the part air transportation would play in the development of recreation. His observations were interesting. If there is room for a landing strip in some of the remote areas—you can have your customers whether you have two million dollars of access highway or not. Air access certainly could be the means of a completely different approach to back country development. Barnett also stated that today's air standing,as far as transportation is concerned, is in the same relative position as the Automobile was in 1912. Also, only 13 per cent of the population of the United states have used air transportation in any of its various forms.

An ingenious device known as an electronic brain is going to be put to a real test very shortly. If you recall, prior to last years' major league opening, this brain was fed statistics concerning all of the major league clubs. It came up with its answers and selection for final standings. The American League was almost on the nose. The Giants and Pirates threw some unexpected curves, however, in the National League, but all things considered, its forecasting was extremely accurate.

Now this same procedure will be used on our young racers who are going to be competing against each other for Olympic berths. The results should be very interisting.

* * *

The F.W.S.A. qualifying meets for the Olympics are:

(1). Slalom, Giant Slalom and Downhill—Mammoth Mountain—Dec. 26, 1958.

(2) Slalom, Giant Slalom and Downhill—Mammoth Mountain—Jan. 3, 1959.

The above will be in conjunction with the Alpine training camp.

(3) Giant slalom—Squaw Valley—Jan. 18, 1959.

(4) Slalom and downhill—Reno's Slide Mountain—Jan. 31-Feb. 1, 1959.

Following the Reno Meet the 8 men and 4 women will be selected to represent the F.W.S.A. in national competition. Those selected will then compete at:

(1) North Americans—Squaw Valley—Feb. 21, 22, 23, 1959.

(2) Harriman Cup—Sun Valley, Idaho, Feb. 26, 27, 28, 1959.

(3) Roche Cup—National Alpine Championships—Aspen Colorado, March 7-8, 1959.

(4) American International Downhill and slalom—Stowe, Vermont, March 13, 14, 15, 1959.

(5) U.S.E.A.S.A. Alpine Championship —Wildcat, New Hampshire, March 21-22, 1959.

At the conclusion of the fifth meet, the U.S. Olympic team will be selected.

REPUBLICANS OUT OF TOUCH WITH LABOR, KNIGHT DECLARES

SACRAMENTO (CNS) — Gov. Goodwin J. Knight said the republican party in California in 1958 was tabbed as being out of touch with the working man and his problems.

"The republican party, whether we liked it or not, got ahead with the appellation or symbol of being against the working man." Knight said. "It was our own fault—we did it with our eyes wide open."

Knight said the endorsement of organized labor received by him and State Treasurer A. Ronald Button, as such, was not sufficient to take away the general feeling of a lot of people the republicans had lost touch.

However, Knight still contended that U. S. Senator William F. Knowland could have been re-elected to the senate and he, Knight, could have been re-elected governor had not the boat been rocked last August.

Knight said the republican party now must work to convince the voters it has a progressive program. When asked who would be the head of the party in the state for the next two years, Knight said it undoubedly would be Vice Presi-Presiden Richard M. Nixon.

The governor's first press conference since his defeat in a bid for the U. S. Senate November 4 evidenced somewhat of a withdrawal from his position immediately following the election. At that time, he had called on the GOP to reform its lines around him and look forward to 1960.

Knight said he had no particular plans following January 5, except to return to make his home at Los Angeles. Asked about a federal appointment, he said there always was a possibility under a republican national administration but he had received no offers.

The governor made it clear, however, he does not plan to retire from politics.

Hawaii exports about $280 million worth of sugar, pineapples, coffee, tropical flowers, canned fish and other products annually.

SIERRA PACIFIC IS READY AT SQUAW

Sierra Pacific Power Company has completed the first phase of construction in Squaw Valley by setting up and providing 7,500 horse power for the Olympics. local manager F. W. Gaiennie said.

The Squaw Valley transformer is fed by 60,000 volt transmission line which runs from Truckee to the north shore of Lake Tahoe. The circuit can be fed by Truckee, Carson City, or Minden. The circuit would have to be broken between Truckee and Squaw Valey, or Squaw Valley and Lake Tahoe.

LAND USE GRANTED FOR HOLDING GAMES

The use of more than 68 acres of Lake Tahoe property for staging cross-country ski racing in the VIII Olympic Winter Games has been given to the California Olympic Commission by Mr. and Mrs. David A. Gray of Sacramento, Commission Chairman Charles R. Blyth revealed today.

The property is in the Mc Kinney Creek area and adjoins the subdivision, Westlake Village, presently being developed by the Grays and Mr. Ed White, Sacramento.

The Grays have given the commission the right to prepare courses necessary for conducting both trial and official Olympic events scheduled Feb. 18-28, 1960.

SUPERVISORS GIVE APPROVAL TO PLAN OF TAHOE ZONING

AUBURN—Placer County supervisors have approved the rezoning of 23 acres of residential land at Lake Tahoe for the establishment of a shopping center. The tract is one half mile south of Tahoe City, frontage on State Highway 89.

Developers Ray Towers and Thomas F. Joyce, Jr., reported construction of the center will begin next spring as soon as the winter snows are over. It is scheduled to be completed by next fall.

No arguments were advanced at the public hearing in favor of or against the rezoning. In the past, the move has been opposed by the Lake Tahoe Improvement and Conservation Association.

The land was rezoned to special business district use, provided for in a newly adopted ordinance covering Zone District 4 at Lake Tahoe. The ordinance provides a series of restrictions on the development of a shopping center.

The fact that God's care is ever present and ever available will be brought out in the Lesson-Sermon entitled "God the Preserver of Man" at Christian Science services Sunday.

Proof of this divine protection is emphasized in the scriptural account of Elijah's sojourn in the wilderness (1 Kings 19).

Passages from "Science and Health with Key to the Scripture" by Mary Baker Eddy includes this (243:4-8): "The divine Love, which made harmless the poisonous viper which delivered men from the boiling oil, from the firey furnace, from the jaws of the lion, can heal the sick in every age and triumph over sin and death."

The Golden Text is from Psalms (91:11): "He shall give his angels charge over thee, to keep thee in all thy ways."

December the eighth is Universal Bible Sunday. Through the ages men have looked to God's Word for the answer to life's problems. Even in our times of perplexity and bewilderment the Bible offers a positive message of revelation rather than speculation; it deals with observed facts and is not concerned with opinions. The archeological discoveries of the past century have served to prove "All scripture is given by inspiration of God," (II Timothy 3:16).

The pastor's message for the morning worship will continue in the tabernacle study.

Throughout the ages one of the most famous and meaningful of the Christmas symbols has been a star. In the story of the nativity it was a star that first caused the wise men of the east to speculate about the events in Palestine and it was a star which guided them to Bethlehem. We still decorate our Christmas trees and gifts with stars. Pastor Taylor will discuss this theme in Sunday's sermon entitled: "Some See a Star."
